The Downs Speedway club was originally established in 1966-67 when racing was held at the old Toowoomba Showgrounds and continued there until 1974 when the Royal Agricultural Society announced they would promote speedway themselves. The then members of the club voted to establish their own grounds and in May 1975 the land at Charlton was purchased and many hard-working dedicated people spent a lot of hours working to establish this great complex that we enjoy today. The Down Speedway Club's Charlton Raceway complex was opened on 23 April 1977.

The club ran and operated the venue successfully until the 2013/14 season when become privately promoted by Alan Woods who operated the venue for two seasons until he sold the lease to Made Too Go Pty Ltd (Barry Waldron) in 2015 for the 2015/16 season.

SPEEDWEEK SPRINTCAR FORMAT

Qualifying (sponsored by BK Trading)

39 cars or less - Drivers will be seeded in to 2 or 3 heat groups prior to drivers briefing, 40 cars or more there will be 4 heat groups. The heat order will be drawn at drivers briefing. Each heat group will also then be seeded in to 2 or 3 sub sections – A & B & C if required (maximum of 6 cars in each sub-section). A draw will then take place to determine which sub-sections go first in each group. For example: If A's are first then Group 1A will then time trial 5 laps, then Group 1B will time trial 5 laps. Followed by Group 2A then 2B etc.

Time Trial points will be awarded to each Group as follows (Fastest in each group – 25 points, 2nd fastest in each group – 22 points etc), as per table below:

1 st	2 nd	3 rd	4 th	5 th	6 th	7 th	8 th	9 th	10 th	11 th	12 th	13 th
25	22	19	17	15	13	11	9	7	5	3	2	1

First Round of Heats: 10 Laps

Heat groups are as per already determined above. The inversion will be 8 cars per heat (depending on nominations). The remainder of that heats field then line up behind the inversion in order of points.

Second Round of Heats: 10 Laps

Heads up line up from Time Trial points – stay in same groups. The remainder of the field then line up behind the inversion of their heat in order of Time Trial points.

Heat points will be same as qualifying points (as per the table above).

Dash: 6 laps (\$1,000 to win)

The top eight points scorers will qualify for the dash. The dash will line up heads up based on aggerate points from time trials and both heats. The winner of the dash receives \$1,000. The winner of the dash will go to victory lane to do the marble draw for starting positions in the main event. The marble draw will contain numbers 4, 8 & 12. If a 4 is drawn, the top 4 will be inverted with positions 5 & back, starting as per points / dash finishing positions. If an 8 is drawn, the top 8 will be inverted with positions 9 & back, starting as per points. If a 12 is drawn, the top 12 will be inverted with positions 13 & back, starting as per points.

Last Chance Showdown (B-Main): 6 to 15 laps

The Last Chance Showdown will be a minimum of 6 laps to a maximum of 15 laps or 15 minutes – whichever is the shorter. The top four finishers will determine positions 17-20 in the Main Event.

Main Event (A-Main): 30 laps

Starting order is based on points once the dash inversion has been completed. There is no A Main Lane Choice for pole car given the starting order is based on the marble draw inversion. Last Chance Showdown finishes 1 to 4 start positions 17 thru 20.
